Re: *Ex Parte* Presentation in ET Docket No. 98-153.

Dear Ms. Salas:

On March 1, 2001, Dr. Michal Freedhoff of Time Domain Corporation met with John Reed of the Office of Engineering and Technology to discuss the above-referenced rulemaking. The discussion was focused on the results of tests performed by the National Telecommunications and Information Administration, which have been submitted in this proceeding. The substance of these discussions are reflected in the comments filed by Time Domain on February 23, 2001. In addition, the timing of additional tests was discussed, as well as measurement issues and characteristics of ultra wideband transmissions.

In accordance with the Commission's rules, an original and one copy of this notification are being filed. Should any questions arise concerning this matter, please let me know.

Sincerely,

Robert L. Pettit
Counsel for Time Domain Corporation
